CYBERSECURITY TRAINING PACKAGES

YOUR EMPLOYEES ARE YOUR FIRST LINE OF DEFENSE… OR YOUR BIGGEST VULNERABILITY.
LET'S TRAIN THEM TO BE YOUR STRONGEST SECURITY ASSET.

PACKAGES INCLUDE:

MODULE 1: CYBERSECURITY FOUNDATIONS

Topics:

- What is cybersecurity & why it matters
- Types of cyber threats:
  - Phishing & social engineering
  - Malware & ransomware
  - Insider threats
- Real-world case studies (localized + global)

Goal: *Build baseline awareness*

Outcome:

Employees understand how attacks happen and why they are targets.

MODULE 2: HUMAN BEHAVIOR & SOCIAL ENGINEERING

Topics:

- Psychology of hackers
- Social engineering tactics:
  - Urgency
  - Authority impersonation
  - Emotional manipulation
- Phishing simulations (email, SMS, social media)

Practical:

- Live phishing test
- Spot-the-scam exercises

Goal: *Reduce human vulnerability (biggest risk)*

MODULE 3: PASSWORDS, AUTHENTICATION & ACCESS CONTROL

Topics:

- Weak vs strong passwords
- Password managers
- Multi-Factor Authentication (MFA)
- Least privilege access

Goal: Strengthen identity security
Outcome:
Employees adopt secure login habits.

MODULE 4: DEVICE & NETWORK SECURITY

Topics:

- Safe use of company devices
- Public Wi-Fi risks
- VPN usage
- Software updates & patching

Goal: Secure endpoints and connectivity

MODULE 5: EMAIL & COMMUNICATION SECURITY

Topics:

- Identifying phishing emails
- Malicious attachments & links
- Business Email Compromise (BEC)
- Safe communication practices

***Goal**: Prevent phishing-based breaches*

MODULE 6: DATA PROTECTION & PRIVACY

Topics:

- Data classification (public, internal, confidential)
- Encryption basics
- Data handling & sharing policies
- Compliance awareness

***Goal:** Protect sensitive data*

MODULE 7: INCIDENT RESPONSE & REPORTING

Topics:

- How to identify a security incident
- Reporting procedures
- What NOT to do during a breach
- Internal escalation flow

Goal: *Improve response time*

MODULE 8: REMOTE WORK & BYOD SECURITY

Topics:

- Working from home securely
- Personal device risks
- Secure cloud usage

Goal: *Secure flexible work environments*

WHICH COMPANIES TO FOCUS ON

HOW TO HANDLE THEM

WHAT TO WORK ON AS A COMPANY

INDUSTRY-SPECIFIC CUSTOMIZATION

1. TECHNOLOGY & SOFTWARE PROVIDERS

FOCUS AREAS:
- SECURE CODING PRACTICES
- API SECURITY
- DEVSECOPS AWARENESS
- CLOUD SECURITY RISKS

EXTRA TRAINING:
- OWASP TOP 10 AWARENESS
- SOURCE CODE PROTECTION

RISK LEVEL: VERY HIGH

2. HEALTHCARE INSTITUTIONS

FOCUS AREAS:
- PATIENT DATA PROTECTION
- RANSOMWARE IN HOSPITALS
- MEDICAL DEVICE SECURITY

COMPLIANCE LENS:
- DATA PRIVACY LAWS (HIPAA-LIKE FRAMEWORKS)

REAL THREAT:
- HOSPITALS BEING LOCKED OUT OF SYSTEMS

3. FINANCIAL ORGANIZATIONS

FOCUS AREAS:
- FRAUD DETECTION
- TRANSACTION SECURITY
- INSIDER THREATS
- PHISHING TARGETING FINANCE TEAMS

ADVANCED TOPICS:
- ATM/POS VULNERABILITIES
- DIGITAL BANKING THREATS

RISK LEVEL: CRITICAL

4. GOVERNMENT BODIES

FOCUS AREAS:
- NATIONAL DATA PROTECTION
- CYBER ESPIONAGE AWARENESS
- CRITICAL INFRASTRUCTURE PROTECTION

THREATS:
- STATE-SPONSORED ATTACKS
- DATA LEAKS

5. EDUCATIONAL INSTITUTIONS

Focus Areas:

- Student data protection
- E-learning platform security
- Awareness for non-technical users

Common Risks:

- Weak passwords
- Shared devices
- Phishing targeting students & staff

TRAINING DELIVERY FORMAT

DURATION OPTIONS:

- 1-DAY INTENSIVE WORKSHOP
- 3-DAY DEEP TRAINING
- 4–8 WEEK AWARENESS PROGRAM

DELIVERY METHODS:

- PHYSICAL WORKSHOPS
- VIRTUAL SESSIONS
- INTERACTIVE SIMULATIONS
- ROLE-BASED TRAINING

ENGAGEMENT TOOLS:

- PHISHING SIMULATIONS
- QUIZZES & ASSESSMENTS
- SCENARIO-BASED LEARNING
- GAMIFICATION (LEADERBOARDS)

ASSESSMENT & CERTIFICATION

- PRE-TRAINING:
- AWARENESS BASELINE TEST
- POST-TRAINING:
- PRACTICAL SIMULATIONS
- KNOWLEDGE TEST
- CERTIFICATION:
- EMPLOYEE CYBER AWARENESS CERTIFICATE

KPI MEASUREMENT (FOR ORGANIZATIONS)

Track:

- Phishing click rate reduction
- Incident reporting speed
- Password strength improvement
- Employee awareness score

Cyber attacks don't start with systems... they start with people.

Train your team before it's too late.

WhatsApp: +254 724 974 391

PACKAGE TIERS (APPLIES TO ALL INDUSTRIES)

1. BASIC AWARENESS PACKAGE

BEST FOR: SMALL TEAMS / ONBOARDING TRAINING

PRICE RANGE:
KES 30,000 – 80,000 (ONE-TIME)

INCLUDES:

- 1-DAY TRAINING WORKSHOP (PHYSICAL OR VIRTUAL)
- CORE MODULES (1–5)
- BASIC PHISHING AWARENESS
- PRE & POST ASSESSMENT
- CERTIFICATE OF COMPLETION

LIMIT:

- UP TO 30 EMPLOYEES

2. PROFESSIONAL PACKAGE

BEST FOR: GROWING ORGANIZATIONS

PRICE RANGE:
KES 100,000 – 250,000

INCLUDES:

- 2–3 DAY TRAINING
- ALL CORE MODULES (1–8)
- INDUSTRY-SPECIFIC CUSTOMIZATION
- PHISHING SIMULATION (1 CAMPAIGN)
- POLICY GUIDANCE (BASIC)
- REPORTING & ANALYTICS
- CERTIFICATES

BONUS:

- 1-MONTH POST-TRAINING SUPPORT

3. ENTERPRISE SECURITY CULTURE PACKAGE

BEST FOR: LARGE ORGANIZATIONS / HIGH-RISK SECTORS

PRICE RANGE:
KES 300,000 – 1,000,000+

INCLUDES:

- FULL TRAINING PROGRAM (4–8 WEEKS)
- DEEP INDUSTRY CUSTOMIZATION
- MULTIPLE PHISHING SIMULATIONS
- INTERNAL POLICY DEVELOPMENT
- INCIDENT RESPONSE TRAINING
- EXECUTIVE-LEVEL BRIEFING
- DEPARTMENT-BASED TRAINING
- MONTHLY AWARENESS CONTENT (POSTERS, EMAILS)

BONUS:

- 3–6 MONTHS CONTINUOUS SUPPORT
- EMPLOYEE RISK SCORING DASHBOARD

INDUSTRY-SPECIFIC PRICING & POSITIONING

TECHNOLOGY & SOFTWARE PROVIDERS

Risk Level: Very High

Pricing:

- Basic: KES 50,000 – 100,000
- Professional: KES 200,000 – 400,000
- Enterprise: KES 500,000 – 1,200,000+

Add-ons (Charge separately):

- Secure coding training → KES 150K+
- Cloud security workshop → KES 120K
- DevSecOps integration → Custom pricing

Secure your code before hackers exploit it.

HEALTHCARE INSTITUTIONS

Risk Level: Critical (life-impacting)

Pricing:

- Basic: KES 40,000 – 90,000
- Professional: KES 150,000 – 350,000
- Enterprise: KES 400,000 – 900,000

Add-ons:

- Patient data protection training
- Ransomware response simulation
- Medical device security awareness

One cyber attack can shut down patient care.

FINANCIAL ORGANIZATIONS

Risk Level: Extreme

Pricing:

- Basic: KES 60,000 – 120,000
- Professional: KES 250,000 – 500,000
- Enterprise: KES 700,000 – 1,500,000+

Add-ons:

- Fraud simulation training
- Insider threat detection workshop
- Advanced phishing simulations

Protect money, protect trust.

GOVERNMENT BODIES

Risk Level: National Impact
Pricing:

- Basic: KES 80,000 – 150,000
- Professional: KES 300,000 – 600,000
- Enterprise: KES 800,000 – 2,000,000+

Add-ons:

- Cyber warfare awareness
- Critical infrastructure protection
- Data classification frameworks

Cybersecurity is national security.

EDUCATIONAL INSTITUTIONS

Risk Level: Medium–High
Pricing:

- Basic: KES 30,000 – 70,000
- Professional: KES 120,000 – 250,000
- Enterprise: KES 300,000 – 700,000

Add-ons:

- Student awareness programs
- LMS (e-learning) security
- Staff cybersecurity certification

Educate minds, secure futures.

RETAINER MODEL

MONTHLY CYBER AWARENESS RETAINER

Pricing:

- SME: KES 50,000/month
- Mid-size: KES 100,000/month
- Enterprise: KES 200,000 – 500,000/month

Includes:

- Monthly training sessions
- Phishing simulations
- Awareness posters (branded)
- Policy updates
- Incident advisory support

We reduce your organization's risk of cyber attacks by over 60% through employee awareness and behavioral change.

FULL CYBER PROTECTION PACKAGE

Training + Consultancy + Continuous Awareness

Price:
KES 500,000 – 2,500,000 annually

Includes:

- Full employee training
- Risk assessment
- Policy creation
- Monthly awareness
- Executive advisory

01

EXECUTIVE CYBER AWARENESS PACKAGE

(FOR CEOS, DIRECTORS, SENIOR MANAGEMENT)

OBJECTIVE:
EQUIP LEADERSHIP TO:

- *UNDERSTAND CYBER RISKS IN BUSINESS TERMS*
- *MAKE INFORMED SECURITY DECISIONS*
- *LEAD DURING CYBER INCIDENTS*

03

IT & TECHNICAL TEAM SECURITY PACKAGE

(FOR IT STAFF, DEVELOPERS, SYSTEM ADMINS, SECURITY TEAMS)

OBJECTIVE:
EQUIP TECHNICAL TEAMS TO:

- *PREVENT, DETECT, AND RESPOND TO ATTACKS*
- *STRENGTHEN INFRASTRUCTURE & SYSTEMS*
- *ALIGN WITH ORGANIZATIONAL SECURITY GOALS*

EXECUTIVE & IT CYBERSECURITY TRAINING PACKAGES

EXECUTIVE BASIC BRIEFING

Price:
KES 80,000 – 150,000 (1 session)
Duration: 2–3 Hours
Includes:

- Cyber threat landscape (localized + global)
- Financial & reputational impact of breaches
- Executive roles in cybersecurity
- Case studies (banks, hospitals, gov breaches)
- Q&A session

EXECUTIVE STRATEGIC PACKAGE

Price:
KES 200,000 – 400,000
Duration: 1 Day
Includes:

- Everything in Basic
- Cyber risk management framework
- Business continuity planning
- Cybersecurity investment decisions (ROI mindset)
- Legal & compliance overview
- Executive phishing awareness

Bonus:

- Cyber readiness assessment (light)

EXECUTIVE ELITE / BOARD-LEVEL PACKAGE

Price:
KES 500,000 – 1,200,000+
Duration: 2–4 Days (or split sessions)
Includes:

- Deep cyber risk strategy
- Incident response simulation (boardroom scenario)
- Crisis communication training (media, stakeholders)
- Data breach decision-making drills
- Policy & governance alignment
- One-on-one executive advisory

Bonus:

- Custom cyber risk report
- 3-month advisory support

IT SECURITY FOUNDATION PACKAGE

PRICE:
KES 100,000 – 250,000
DURATION: 2 DAYS
INCLUDES:

- NETWORK SECURITY BASICS
- ENDPOINT PROTECTION
- VULNERABILITY AWARENESS
- PATCH MANAGEMENT
- BASIC INCIDENT RESPONSE

PRACTICAL:

- THREAT IDENTIFICATION EXERCISES

IT DEFENSIVE OPERATIONS PACKAGE

PRICE:
KES 300,000 – 600,000
DURATION: 3–5 DAYS
INCLUDES:

- THREAT DETECTION & MONITORING
- SIEM BASICS
- LOG ANALYSIS
- PHISHING & MALWARE ANALYSIS
- INCIDENT RESPONSE (HANDS-ON)
- SECURE SYSTEM CONFIGURATION

PRACTICAL:

- SIMULATED ATTACK SCENARIOS
- BLUE TEAM EXERCISES

ADVANCED CYBER DEFENSE PACKAGE

PRICE:
KES 700,000 – 1,800,000+
DURATION: 1–2 WEEKS
INCLUDES:

- ADVANCED THREAT HUNTING
- RED TEAM VS BLUE TEAM SIMULATION
- RANSOMWARE DEFENSE STRATEGIES
- CLOUD & API SECURITY
- IDENTITY & ACCESS MANAGEMENT (IAM)
- SECURITY ARCHITECTURE DESIGN

PRACTICAL:

- FULL ATTACK SIMULATION LAB
- INCIDENT CONTAINMENT DRILLS

BONUS:

- SECURITY POSTURE ASSESSMENT
- CUSTOM TECHNICAL RECOMMENDATIONS

EXECUTIVE + IT ALIGNMENT PROGRAM

Price:
KES 800,000 – 2,500,000+
Duration: 2–6 Weeks
Includes:

- Executive training + IT training combined
- Joint simulation (management + IT collaboration)
- Incident response alignment
- Policy + technical implementation bridge
- Organization-wide cyber strategy

CYBER ADVISORY & TECH SUPPORT RETAINER

Price:

- Mid-size org: KES 150,000/month
- Enterprise: KES 300,000 – 800,000/month

Includes:

- Monthly executive briefings
- IT security advisory
- Threat updates
- Emergency incident support
- Continuous training

COMBINED PACKAGE
